## HINTS AND TIPS

Old Dalby Horticulture and Produce show is a fun exhibition for all the family.

The following are helpful hints and tips not rules.

If you are unsure about your entry, please enter it anyway, you never know...

- **Read the class description carefully.** Exhibit only what it asks for.
- Arrive early to get your entry staged well before judging time.
- The fresher the exhibit the better; if possible pick it on the day of the show.
- If the class asks for more than one item, try to make sure all items are a uniform size, shape, colour and texture.
- Ensure exhibits are free from marks caused by pests and diseases and bruising.
- Onions – remove minimal amount of outer skins.
- Carrots and Beetroot should have foliage cut to 15cm, no less.
- Tray display of fruit &/or veg – may contain multiples of each item. There must be 4 different items. The tray must be A4 sized or smaller.
- Beans must not show too much development of bean inside, leave stalk attached, they must be crisp.
- Leeks – cut roots to ¼ inch, trim tops.
- Tomatoes and Cherry tomatoes with calyx – the calyx should be fresh and not shrivelled. All tomatoes should be well coloured and ripe, but not over ripe.
- Floral displays – ensure containers are clean, make sure the exhibit is stable and balanced. Outside petals can be removed to improve the look of the exhibited flower.
- Cactus – ensure container is clean & water doesn't leak from the base.
- Photographs must be no larger than A4 (A5 is preferable).
- Photographs should be **unframed** although may be mounted simply, without glass, if necessary.
- Photographs look much, much better if printed on photo paper.
